

ALLEGION INTEGRATED LOCKSETS

OVERVIEW

Thank you for your interest in purchasing Allegion Integrated Locksets from DSX Access Systems, Inc.

The order process for Allegion Locks requires configuration consultation with Allegion.

To reduce confusion and delays in the order process, DSX recommends using the information below to find the correct part number required from Allegion.

Configuration

Click the link below to access the Allegion Configuration Tool.

This tool is designed to provide the specific lock and options required for your project.

<https://elock.allegion.com/Users/Login>

- For assistance in selecting and configuring your lock part number you must contact your local Allegion Representative.
- Use the Allegion Representative Map to find the contact information for the Rep in your area.

*** DSX cannot assist in the configuration of the lock part numbers.

DSX will provide technical support on the installation and commissioning of the project.

Pricing

After finding the correct configuration from Allegion, email the final configuration to wirelesslocks@dsxinc.com

DSX will respond with a price quote for DSX List Price.

Dealers may then apply their discount level to obtain Dealer pricing.

*** Locks purchased from DSX **INCLUDE** the lock licenses fee.

No additional license or software charges apply.

Ordering

To order Allegion Integrated Locksets

- Send purchase order along with the Allegion Configuration Tool Sheet to wirelesslocks@dsxinc.com.
- Order Confirmation will include lock configuration and price.
- Order will be placed after the order confirmation is confirmed.
- Orders for Existing L85 jobs:
 - DSXKeyData.xml file from the existing system must be included with the Purchase Order.
- Dealer is responsible for inspection and verification of accuracy of the order.

Shipping

Direct from Allegion:

Shipped to “Ship-to” address listed on Purchase Order.

Dealer provided with an email on the ship date.

Standard lead times are 4-5 Weeks.

Expedited Orders are available, however additional costs may be incurred.

Dealer is responsible for all freight charges.
